

Toilet Rebate Details

The City of Victoria is pleased to offer a rebate program for the replacement of older, larger capacity toilets as a means of promoting water conservation! According to the *United States Environmental Protection Agency*, water efficient toilets can save up to \$90 annually and over \$2,000 during the lifetime of the toilet!

Here's how the rebate process works:

- ◆ *Replace a larger capacity toilet (more than 3.5 gallons per flush) with a 1.6 gallons per flush model. Homes built after January 1, 1993 require installation of toilets that flush 1.6 gallons or less. Toilets installed before this date will require an inspection by City staff to determine rebate eligibility.*
- ◆ *Complete this application form and attach a copy of the receipt (the receipt must be dated for the current year and clearly identify the toilet purchase)*
- ◆ *Submit the application form to the City for review and inspection*

The maximum rebate is \$50 per toilet per residence, not to exceed the cost of the toilet (including other rebates). **Limited funds are available.** Applications will be processed in the order they are received. This program is limited to residential City of Victoria Utility Account customers.

Mail completed application to:

Kelly Grinnell, Accountant
City of Victoria
7951 Rose St., PO Box 36
Victoria, MN 55386
